Re: David Conway Property Survey for
Four parcels, 2 at 9 acres +/-, 1 at 3 acres +/-, 1 at 63 acres +/-

Dear Benny:

I am happy to offer my services for the survey of four parcels of land according to the auction map you sent me. I can survey each parcel according to your instructions, set iron bars at all corners, and prepare plats and legal descriptions for each of the parcels shown on the map and as follows:

| | |
|------------------|------------|
| 9 acre parcels - | \$950 each |
| 3 acre parcel- | \$750 |
| 63 acre parcel- | \$1,750 |

These surveys do not include marking lines, but do include marking all corners and making legal descriptions for each parcel.

I can begin within one week of notice to proceed. Payment is due upon delivery of the finished survey plat for each parcel.

Thanks,

Joe A. Sutherland, Jr. P.E.-P.S.
